**“Working Together To Keep You Coming Back”**

Waddick Fuels offers an exceptional line of Petro-Canada lubricants to keep your vehicles on the road instead of in the shop. Formulated for the toughest working conditions, our lubricants meet or exceed truck manufacturers' specifications and your customers' quality standards. We use the patented HT purity process to produce 99.9% pure, crystal-clear base oils, which helps ensure that engine soot is dispersed, additives achieve optimal performance, and the virtually non-toxic base oils biodegrade faster than solvent refined lubricants. Our exceptional service, industry expertise, and cost-saving solutions all exist to help you improve the productivity of your fleet.

### **DURON\*-E Heavy Duty Engine Oils**

Fleet owners like you want a Heavy Duty Engine Oil that is up to the challenge of '07 low emissions engines (API CJ-4) as they come on-line in your fleet.

To meet these challenges, Petro-Canada is proud to offer DURON-E. It's all you need – both for your existing engines and '07 low emission engines.

#### **DURON-E Improved Performance Envelope:**

- Disperses soot to lessen oil thickening and engine wear
- Maintains power and fuel efficiency
- Reduces need for top-ups

## **TRAXON\* Gear Oils**

TRAXON\* multigrade gear oils are specially formulated to provide excellent shear stability and longer oil life for exceptional long-lasting protection to help you extend equipment life and reduce downtime and maintenance costs.

**TRAXON E Synthetic:** A premium line of synthetic lubricants formulated for customers who need to maintain an Eaton/Roadranger “extended warranty”.

**TRAXON Synthetic 75W-90:** A year-round full synthetic gear oil formulated to provide extended drain capabilities and outstanding temperature protection in extreme cold weather conditions.

**TRAXON XL Synthetic Blend:** These multigrade gear oils deliver excellent low temperature protection, better shear stability and longer oil life for exceptional long-lasting protection.

## **PRECISION\* Greases**

PRECISION\* is a premium line of multi-application greases specially formulated for advanced protection. PRECISION\* greases offer you:

- **Better long-life protection**
- **Better water washout protection**
- **Better extreme pressure protection**

**Waddick Fuels offers anti-freeze and washer fluid for your convenience.**
