“Working Together To Keep You Coming Back”

Waddick Fuels offers an exceptional line of Petro-Canada lubricants to help you increase productivity and lower operating costs. The cost of an unplanned line stoppage can easily absorb your profit. That's why you look for lubricants that can keep up with the extreme operating conditions of your business. That's why superior service, industry expertise, cost savings solutions, and local availability is so important to you. And that's why more and more plastic processors are turning to a single source for all their lubricant needs – Petro-Canada. Petro-Canada hydraulic oils keep your equipment running longer and faster to help increase productivity and reduce downtime.

HYDREX* Hydraulic Fluids

HYDREX's advanced breakthrough formulation lasts three times longer than the leading North American hydraulic oil brand.

HYDREX AW resists degradation in high-operating temperatures, minimizing sludge and varnish for a longer-lasting oil and better protection of your equipment.

PEERLESS* and PRECISION* Greases

Petro-Canada has a long history of developing and marketing premium quality greases. We offer over 50 types, each specially formulated to meet varying demands and harsh operating conditions.

PEERLESS* LLG was developed for use in very high temperature, long-life and extreme applications.

PRECISION* SYNTHETIC is formulated for high performance under extreme pressure.

PRECISION* is a premium long-life, multi-service grease for superior bearing and gear coupling protection.

ENDURATEX* and SYNDURO SHB* Gear Oil

ENDURATEX* Industrial EP Gear Oil is your best choice for enclosed industrial gear sets operating under severe conditions.

SYNDURO SHB is ideal for use in machines running at high speeds and high or wide-ranging temperatures. Run faster, hotter, and tougher with Petro-Canada's SYNDURO SHB Synthetic Fluid.

PURITY FG Food Grade Lubricants

Petro-Canada's food grade lubricants are designed to exceed the toughest performance expectations while delivering peace of mind.

PURITY FG carries a full set of food credentials including NSF H1, Canadian Food Inspection Agency, Kosher and Pareve, Halal, Allergen free and GMS free.
